Dear Mr. Moore:

On behalf of the City of East Lansing, I would like to commend the Moore Trosper Construction Company for the excellent work on the Jackson Zone project in downtown East Lansing. The former Jacobson's department store has been a marquee property in our downtown for nearly five decades. Your work to transform the lower level and first floor into cutting edge workspace for Jackson has been tremendous.

This project was certainly challenged with an aggressive timeline. However, from the earliest design discussions, throughout the buildout and to a finished project, your staff was always very cooperative. Even when we did run into other challenges, which always occur on projects of this magnitude, your team demonstrated the utmost professionalism to resolve those issues to our satisfaction.

The City of East Lansing is very proud to have such a high quality finished space in our downtown and appreciates the hard work of Moore Trosper, its employees, and subcontractors. We wish you well in future endeavors and look forward to working with you on additional projects in the City of East Lansing.

Sincerely,

Timothy H. Dempsey
