Dear Mr. Moore,

We just want to take a moment to let you know how much our students, staff, and parents are enjoying the new gymnasium you built for JKL Bahweting Anishnabe PSA. First, we want to thank all of the people who worked so hard while students were present to create a safe and professional construction site. The workers were very polite and put the safety of our students and staff first during the entire construction process. In addition, Moore/Trosper completed the project within a few months with few delays.

The product is amazing. Our new gymnasium is well constructed, bright, and appealing to everyone. Our students now have room for "Conference Athletic" opportunities that the school did not have prior to the construction of our new gymnasium. We also have all school events, such as plays, musicals, Art Festivals, and 8th grade graduation on our own site. Previously the school rented off-site facilities for these events.

If any District were considering a new school construction project, JKL would be pleased to provide a reference. Our students and staff enjoy using our new facility every day!

Sincerely,

Theresa Kallstrom

JKL Bahweting Anishnabe PSA Superintendent
