

EATON RAPIDS PUBLIC SCHOOLS – Superintendent's Office

912 S. Greyhound Drive, Eaton Rapids, Michigan 48827

November 4, 2024

Letter of Endorsement for Moore Trosper

I am winding down a marvelous career of superintendent of Eaton Rapids Public Schools (ERPS). During that time, I have worked on a handful of bonds and construction projects for ERPS.

I have always been partial to excellent companies that operate close to home in the Lansing area. Moore Trosper fits that statement for me. I will give you some of the reasons why.

Moore Trosper has worked in the district since 1984. During the forty years, they have worked on energy, renovation, athletic facilities, our pool, and concrete projects. Their employees have been involved in large projects as well as been the lead contractor.

The company has excellent employees who are professional, pay attention to details, and are easy to work with. Its staff worked effectively with all the construction managers and other contractors on our school projects.

This approach to work has led to marvelous outcomes. Projects were completed on time and on budget with a high level of quality. The combination of our long term relationship and the skill levels of Moore Trosper's employees has led to exceptional value to the district.

Moore Trosper invests in Eaton Rapids Public Schools and will do the same for your business or school. It is comforting to work with a company that takes great pride in their work and their output for their customers.

Sincerely,

William L. DeFrance

Superintendent of Eaton Rapids Public Schools
